

WORKSHOP II

WATER RESOURCES MANAGEMENT: WATER FRAMEWORK DIRECTIVE 2000/60/EC. APPLICATION AND PUBLIC PARTICIPATION IN ANTHEMOUNTAS RIVER BASIN IN GREECE

Thursday 6 September 2007 – morning – ROOM “CHIRON”

The Development Agency of Eastern Thessaloniki S.A. “ANATOLIKI S.A.” organizes the workshop on **water resources management**, in 6th of September 2007, in the frame of 10th International Conference on Environmental Science and Technology - CEST 2007, in Kos island, Greece.

The meeting is included in the dissemination activities of the project **LIFE04/ENV/GR/000099 - WATER AGENDA** entitled: “Development and implementation of integrated water resources management policy to a river basin, through the application of a social wide local agreement, based on the principles of Agenda 21 and the provisions of Water Framework Directive 2000/60/EC ” which is being implemented from September 2004 and will be end in October 2007. The other project’s partners are: the Region of Central Macedonia, the Municipality of Themi, the National Technical University of Athens, the National Center of Environment & Sustainable Development, Comune di Milano, Italy and Institut de Ciència i Tecnologia Ambientals Universitat Autònoma de Barcelona, Spain

The aim of the workshop are:

- the presentation of the activities and technical tools that were developed during the LIFE project
- the promotion of the available technical tools on application of WFD and Public Participation Procedures
- the dissemination of the experience and results from sustainable water resources management practices
- the experience transfer among the members of Euro Mediterranean cooperation network and the expansion of the network with new members.

The workshop will contribute to the sustainable water resources management focusing on the application of WFD and the Public participation during the producing and application of river basin management plans.

The workshop is addressed to:

- Representatives of Ministries, Municipalities and Chambers.
- Personnel of Water Directorates, Public and Local Authorities and Water services working on environmental permissions and water resources management.
- Scientists and researchers.
- NGO’s and other Civil Society organizations

WORKSHOP II
